CPS-IoT Week 2019 Student Travel Grants for non-US Institutions
Sponsored by SIGBED, IBM, and ARM

A limited number of student travel grants are available for students from non-US institutions to attend CPS-IoT Week 2019. Applicants will be automatically evaluated for different awards internally.

IMPORTANT DATES

Application deadline: March 8, 2019, 11:59pm Eastern Time
Notification of acceptance: March 12, 2019

ELIGIBILITY

The support is intended to partially cover the costs of attending CPS-IoT Week 2019. Students receiving travel awards may be expected to volunteer at CPS-IoT Week 2019. Such volunteer tasks will not interfere with attendance at the conference sessions. Selection for the student travel grants will be in accordance with the following guidelines (please read them carefully):

- The applicant must be a member of ACM SIGBED
- The applicant must be a current student in good standing at a recognized institution of higher education. The student may be pursuing an undergraduate or a graduate degree
- The applicant's field of study must be related to CPS-IoT Week
- Students outside of North America receive preference; others will be considered
- Students who belong to groups that are under-represented in STEM receive preference
- Students who have not attended a CPS-IoT/CPS Week in the past receive preference
- Authors who are not presenting a paper or whose papers were not selected for publication at a CPS-IoT Week conference will receive preference

Applicants presenting at IoTDI qualify for a travel award from the conference, if they meet the following criteria:
- The applicant must be a (co)author for a paper, demo, or poster at IoTDI
- The applicant must be registered to attend IoTDI
- The applicant must be a current PhD student in good standing at a recognized institution of higher education
- The applicant's field of study must be related to IoTDI
- Students outside of North America will be given priority; others will be considered
- Students who belong to groups that are under-represented in STEM receive preference
- Students who have not attended IoTDI in the past receive preference

Consideration will be given to other applicants falling outside the above categories, but they need to demonstrate a well-justified financial need

HOW TO APPLY

1. The student applicant must fill out the application form here:
   https://goo.gl/forms/7B17xD4wFsJXB8vh2

2. Applicants should request their academic/research advisor to send an email to
   tamim.sookoor@jhuapl.edu with the subject "CPS-IoT Week Travel Award Support
   Letter" and no more than a few sentence response to each question below (bullet point
   response appreciated with a maximum limit of one page):

   a. Name of the student applicant, degree program enrolled this semester, and
      statement stating the student is under his/her supervision
   b. Does the student belong to a group that is under-represented in STEM? If yes,
      describe
   c. Please describe how the student plans to participate at CPS-IoT Week
   d. Why would the student benefit from the support?
   e. Do you strongly support the application from this student for this travel award?
      Please provide any statements in support of this application.

Successful applicants will receive an award letter by email together with instructions on how to
receive partial refunds, which will be issued to the person or institution that covered the
expenses. Students can only receive at most one travel grant.
